THE BREWERY

Working to make Real Ales more accessible to everyone

Planning your visit

We're equipped and accessible for visitors with ambulant disabilities, but we're not yet fully accessible. The following document is intended to help you plan your visit, assess your requirements and tell you what we're doing to become fully accessible.

Parking

Designated parking is available adjacent to the brewery.

The car park is shared with Wren Davis & other businesses. The car park can become busy at some times of the day.

It is mainly hard-surfaced but is uneven in places. Avoid gravel areas near to the entrance from Wycombe Road.

Entering the brewery

Our main entrance is via 5 steps at the front of the brewery. While we work toward full accessibility, an alternative entrance is available for your (and your group if you prefer), via the back door without steps into the building.

Please look for the sign on our front entrance, which shows our phone number.

If you need help, accessing the brewery, please call 01494 865063 before your visit or when you arrive. Email accessibility@maltthebrewery.co.uk for advice or assistance.

The hand rail has been covered with insulated grip tape for your convenience and comfort.

Main entrance

Visual impairment

Step edges & hazards are marked throughout the brewery. Large print versions of our price lists and information are available.

Please ask for additional assistance or guidance

Assistance Dogs

Water bowls and bags are available for assistance dogs. Please ask for assistance or call 01494 865063.

Because of the hygienic nature of our production processes, dogs are permitted only in the Tasting Bar/Shop area.

Hearing Loop

We've installed a portable induction loop amplifier at the brewery Tasting Bar. It's rechargeable and can be moved to any location in the Brewery or Tasting Bar. Please let us know if you'd like us to use it.

Sign at main entrance

Comfortable seating

We offer 26 chairs with handles to make you comfortable and help you to stand up more easily.

We're still working on it !

We're not yet fully accessible, but we're working to be, as soon as the business can achieve it. We're only a small business start-up and we've inherited some challenging features at our premises, so please bear with us.

The following changes are planned in the future:

- Transfer-enabled toilet facilities with alarm
- A lift to our front entrance
- Ramps to/from lower brewing area

We're also working with Buckinghamshire Disability Service and we have incorporated all of the recommendations we've received from their volunteer advisors and experts.

Industrial environment

The health & safety of our visitors, customers and colleagues are very important to us. As we are a working brewery, all visitors may be exposed to some hazards and risks. A list of these is displayed in the brewery. Please be aware of different floor levels, uneven and/or wet surfaces and hot liquids.

Our Team members will work hard to ensure your safety throughout your visit, but you do **enter the brewery at your own risk.**

A full risk assessment is available on request to relevant stakeholders.

We welcome your comments

If you have any suggestions or advice on how we can make your visit any more comfortable, we'd welcome your input. Please speak to a member of staff or email accessibility@maltthebrewery.co.uk

We look forward to welcoming you
to Malt The Brewery.
