

Malt The Brewery Tours

Get closer to the traditional processes and the finest natural ingredients used in our award-winning brewing.

Start your tour in the Brewery Tasting Room enjoying samples of all current Malt Ales. Your host will talk you through each ale.

Then meet Nick Watson, Brewer and Founder of Malt The Brewery for a 45 minute stroll around the brewing floor. Nick will talk passionately about building a brewery, making ale and the ingredients he carefully selects.

Head back to the Tasting Room for a pint of your favourite ale. You're welcome to stay to buy more ales to drink or to take home, until the Tasting Room closes at 7pm (some seasonal variations apply). When you do leave, you will receive a complimentary Malt Ales Glass as a souvenir of your visit.

Tours cost £15 per person
